buddhism introduced many hindu gods and goddesses to the japanese the rulers were the first to be attracted to them historical records show that they earnestly believed in the miracles of these divinities promised in the sutras many miracle stories started appearing in popular literature as the divinities percolated down to the masses the resulting naturalisation process in the case of some divinities went to the extent that they became an integral part of the native shinto pantheon their popularity remains unabated even today the tantric buddhist sects also played a vital role in propagating the divinities they regularly worshipped the divinities in their temples where people thronged in large numbers many steps in these ceremonies for instance the homa ritual are very familiar to the present day hindus the monks have also produced a considerable volume of religious literature related to these divinities descriptions of many divinities show that they have not changed substantially over centuries a study of these writings also shows that a large volume of hindu myths and legends related to these deities were transmitted to japan these writings are also a testimony to the way the ancestors of the present day hindus thought about these deities say around the eighth or ninth century of the christian era

upon first consideration sport and art seem to occupy separate even opposing realms sport associated with physical prowess and art with the highest reaches of the human mind but because sport is such a powerful metaphor for so many human experiences it has found its way into artistic traditions all over the world part one of this book provides a basic understanding of sport as symbol part two gives attention to animals as adversaries and traces the origins of sporting art back to the hunt part three considers humans competing against humans in combat sports ball games stick and ball games and racquet sports as well as in warfare part four concentrates on contesting with oneself in races and sports of grace and beauty such as gymnastics figure skating and ice dancing the book concludes with a discussion of the athlete s relationships to society

in her study of medieval chinese lay practices and beliefs valerie hansen argues that social and economic developments underlay religious changes in the southern song unfamiliar with the contents of buddhist and daoist texts the common people hired the practitioner or prayed to the god they thought could cure the ill or bring rain as the economy rapidly developed the gods like the people who worshiped them diversified their realm of influence expanded as some gods began to deal on the national grain market and others advised their followers on business transactions in order to trace this evolution the author draws information from temple inscriptions literary notes the administrative law code and local histories by contrasting differing rates of religious change in the lowland and highland regions of the lower yangzi

valley hansen suggests that the commercial and social developments were far less uniform than previously thought in 1100 nearly all people in south china worshiped gods who had been local residents prior to their deaths the increasing mobility of cultivators in the lowland rice growing regions resulted in the adoption of gods from other places cults in the isolated mountain areas showed considerably less change originally published in 1990 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905
